PROFESSIONAL OBJECTIVE

I am a Graduated B. Tech student specializing in Computer Science and Engineering, eager to apply my knowledge and skills in the field of technology. I am passionate about contributing to innovative projects and advancing the digital landscape.

WORK EXPERIENCE

Completed a 14-day internship at Nest Cyber Campus, where I developed and implemented machine learning models, applied algorithms to the real-world data problems, and enhanced my skills in Python, particularly in image recognition.

EDUCATION

APJ Abdul Kalam Technological University, Kerala, India
Bachelor of Technology in Computer Science and Engineering

2021-Present
CGPA: 6.61

HONORS & ACHIEVEMENTS

- Secured Third Position in All Kerala Football Tournament Conducted by Alberts College, Ernakulam which reflects strong teamwork, discipline, and competitive spirit.

- Actively participated in various social service activities under the National Service Scheme (NSS),including awareness drives, cleanliness campaigns, and community outreach programs which demonstrates strong social responsibility, teamwork, and leadership skills.

PROJECTS

- STOCK AUDITING SYSTEM:Developed a role-based stock auditing system for the Computer Science Department with features like real-time inventory tracking and audit reporting.

- NORA – HUMAN ASSISTANCE:Built a human assistance robot integrated with a Flutter app. Nora follows users using sensors and a camera, detects intruders, and sends their images to the app.It provides interactive voice-based reminders and plays music on voice command. The app also displays a health card report with user data.

TECHNICAL SKILLS

- **FRONTEND DEVELOPMENT:** Flutter,React JS

- **BACKEND DEVELOPMENT:** Firebase,Supabase

- **Programming Languages:** C,C++,Java,Javascript,SQL

CERTIFICATIONS

Completed the Career Essentials in Administrative Assistance' certification program by Microsoft and LinkedIn, gaining foundational skills in office management, communication, and productivity tools
